Ungar, who was the president-elect of the union, is the first Hungarian to have participated since its inception, although not through the Union of American Scientists, but rather through participation within the government's *Operation Crossroads* (1946-1947) and *Operation Sandstone* (1948-1949). Ungar's (1944b) was apparently the only Hungarian scientist sent to participate in these two programs in *Operation Crossroads*, although, according to our earlier examination, the two scientists for the two programs, as far as participation is concerned, are possibly the only Hungarian scientists to have participated in these programs and the *Operation Crossroads* and *Operation Sandstone* are the only

Las instituciones, según el vicepresidente Carlos Menéndez, de Casa Blanca, se encuentran del lado correcto.

Is there freedom? After listening to some of the poems you presented this night at the House of Language in the library, which is usually not open, he said yes, yes, he has chosen his own mother tongue.
